Question - I am showing you a photograph that I have marked with the number 4. Who is the man in the photograph?

Answer - The Shin Bet interrogators showed me this photograph too, I identified the man in the photograph. This is the man in Salfit whom I hid in my house because he was wanted, and I also gave him an explosive devices. I told you about him in my statement:

(I seized the photograph and marked it with the in initials Y.Y. and the date March 30, 2003).

Question - In the first statement that you gave me on March 12, 2003, you told me about an explosive device that Aiman Halawa sent you in order to test a suicide bomber and see whether he could be trusted. You told me that this was an explosive device that exploded an hour after its activation. Can you explain to me when exactly the explosive device exploded?

Answer - This explosive device explodes on the hour, that is, if you activate the explosive device at 10:05 a.m. it will explode at 11:00 a.m.

Question - In your second statement that you gave me I asked you about the two forged identity cards that you had and I asked you took with you. Are you prepared to tell me again with which identity card you took with you?

Answer - I took with me the identity card to the name of Arafat Taher Barghouti.

Question - In the first statement that you gave me on March 12, 2003 (page 13 line 14) and in the second statement that you gave me on March 13, 2003 (page 9 line 21) you told me that you had prepared an explosive belt, a black fabric bag containing an explosive device and a computer containing an explosive device, and that an attack in Jerusalem was carried out with that explosive belt, the bag and the computer. You said that the two suicide bombers exploded with the explosive belt and the bag and after that the computer that was inside a vehicle exploded. I ask you, who asked you to manufacture these explosive devices?

Answer - Salah 2 came to me and said that Salah 1, that is, Ibrahim Hamad, wanted me to manufacture two explosive belts and a bag containing an explosive device. Because I did not have enough materials, I said to Salah 2 that I would manufacture one explosive belt, a bag containing an explosive device and a computer containing an explosive device instead of the explosive belt. Salah 2 agreed and then I took a computer that I had in my home,

dismantled it and inserted into it plastic milk bottles that I had filled with Um Al Abed explosives and screws, and then I closed up the computer. But the attack was not like you said to me. The first to explode was the bomber who held the computer. After that the terrorist [sic] who had the explosive belt exploded and afterward the bag with the computer that was inside the vehicle exploded. The explosive device that was inside the vehicle was activated by a clock. It was a device that explodes on the hour. After I made these explosive devices, I gave them to Salah 2. He took them by himself form the apartment in Iksal Street. I do not know to whom exactly he gave them.

Question - who were the terrorists who committed suicide in this attack with the explosive devices that you manufactured?

- Answer One is called Aiman, one is called Osama. Both are residents of Azaria or Abu Dis.
- Just a moment. I think that one is called Osama Batar and not Aiman and the other Nabil Halabia.
- Question How did you know that they carried out the attack with the explosive devices that you manufactured? 13
- Answer First of all, there was never such an attack in which two suicide bombers exploded and then a bag exploded inside a vehicle, and this attack was also exactly according to the plan, that is, Salah 2 told me that 15
 - Salah 1 wanted the attack to be like this before I manufactured the explosive devices. In addition I have already told you that inside these explosive devices I put rat poison. That was the only time I used rat poison.
- Question You told me about many explosive devices that you prepared and you also said that you used screws 18 and only on the explosive device that was in the attack in the Hebrew University you said that you used nuts.
- What do you have to say about that? 21 Answer - In all of the explosive devices I used nuts and sometimes I used screws and black nails.
- 22 Question - Do you have anything to add?
- This is my statement, which has been read before me and translated into Arabic and confirmed as correct by my 25 signature.
- Question Before you sign, I forgot to ask you another question. Tell me about the bank account that you opened 27 before you became wanted in Israel.
